

SMS Messaging with Cisco Webex - Premium Feature

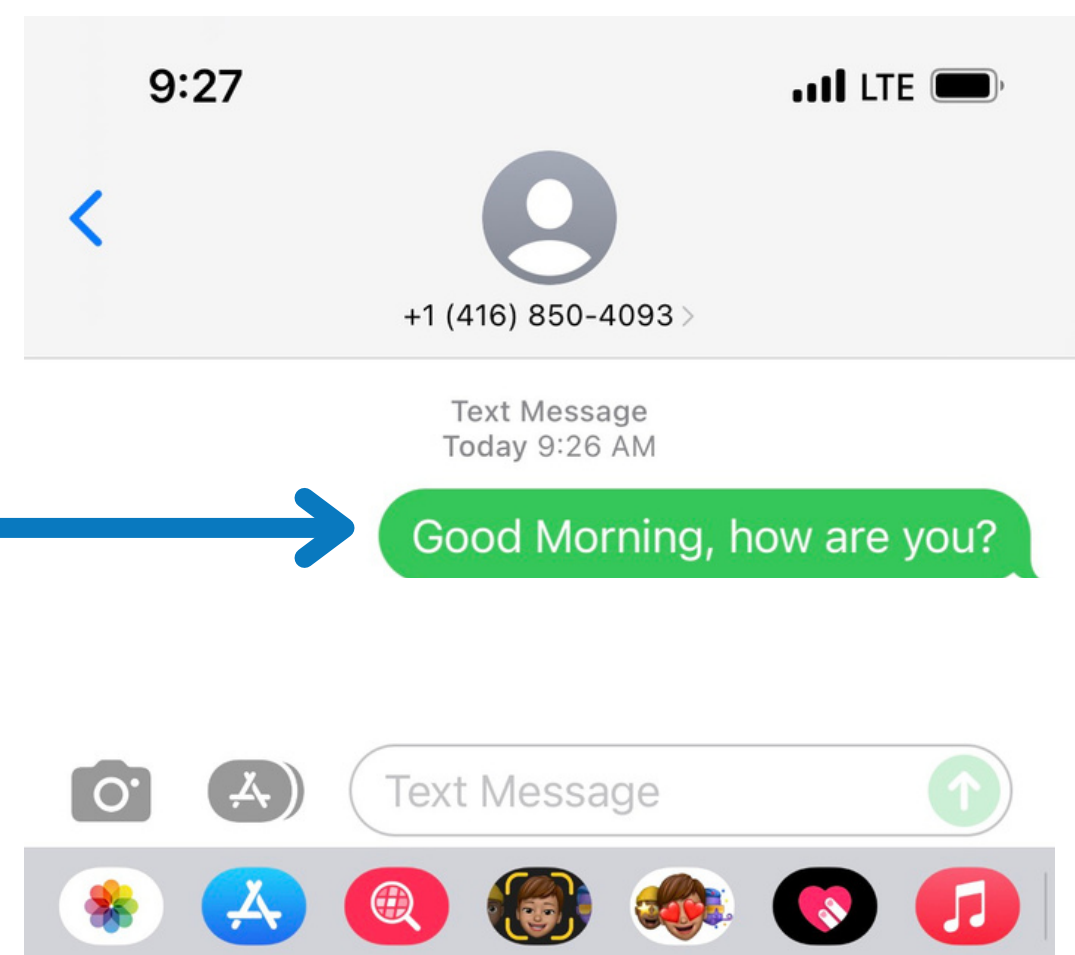

TO HELP GET YOU SET UP WITH SMS MESSAGING, FOLLOW THE BELOW STEPS

Steps to Activate this Feature

STEP 1

NOTE: This is a one-time process.

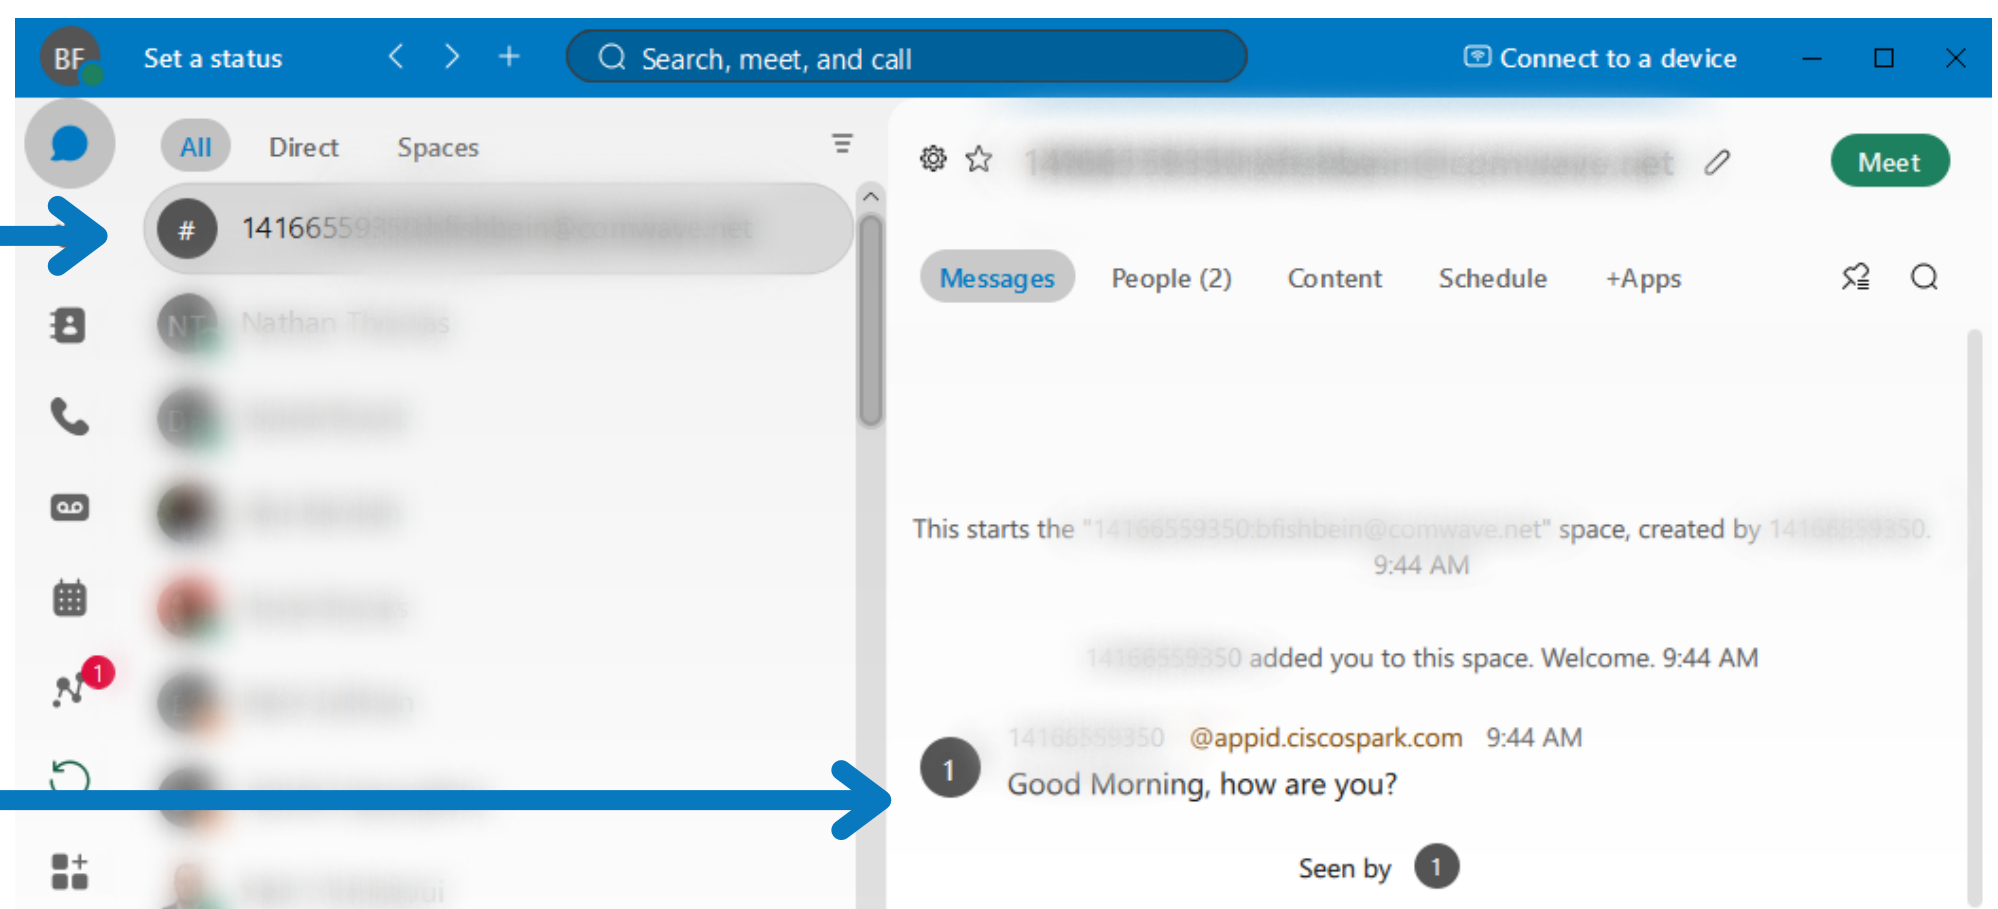

Send a text message from your mobile device to your Webex Direct Number.

STEP 2

The text message will appear in the Webex app on the left hand side as a chat.

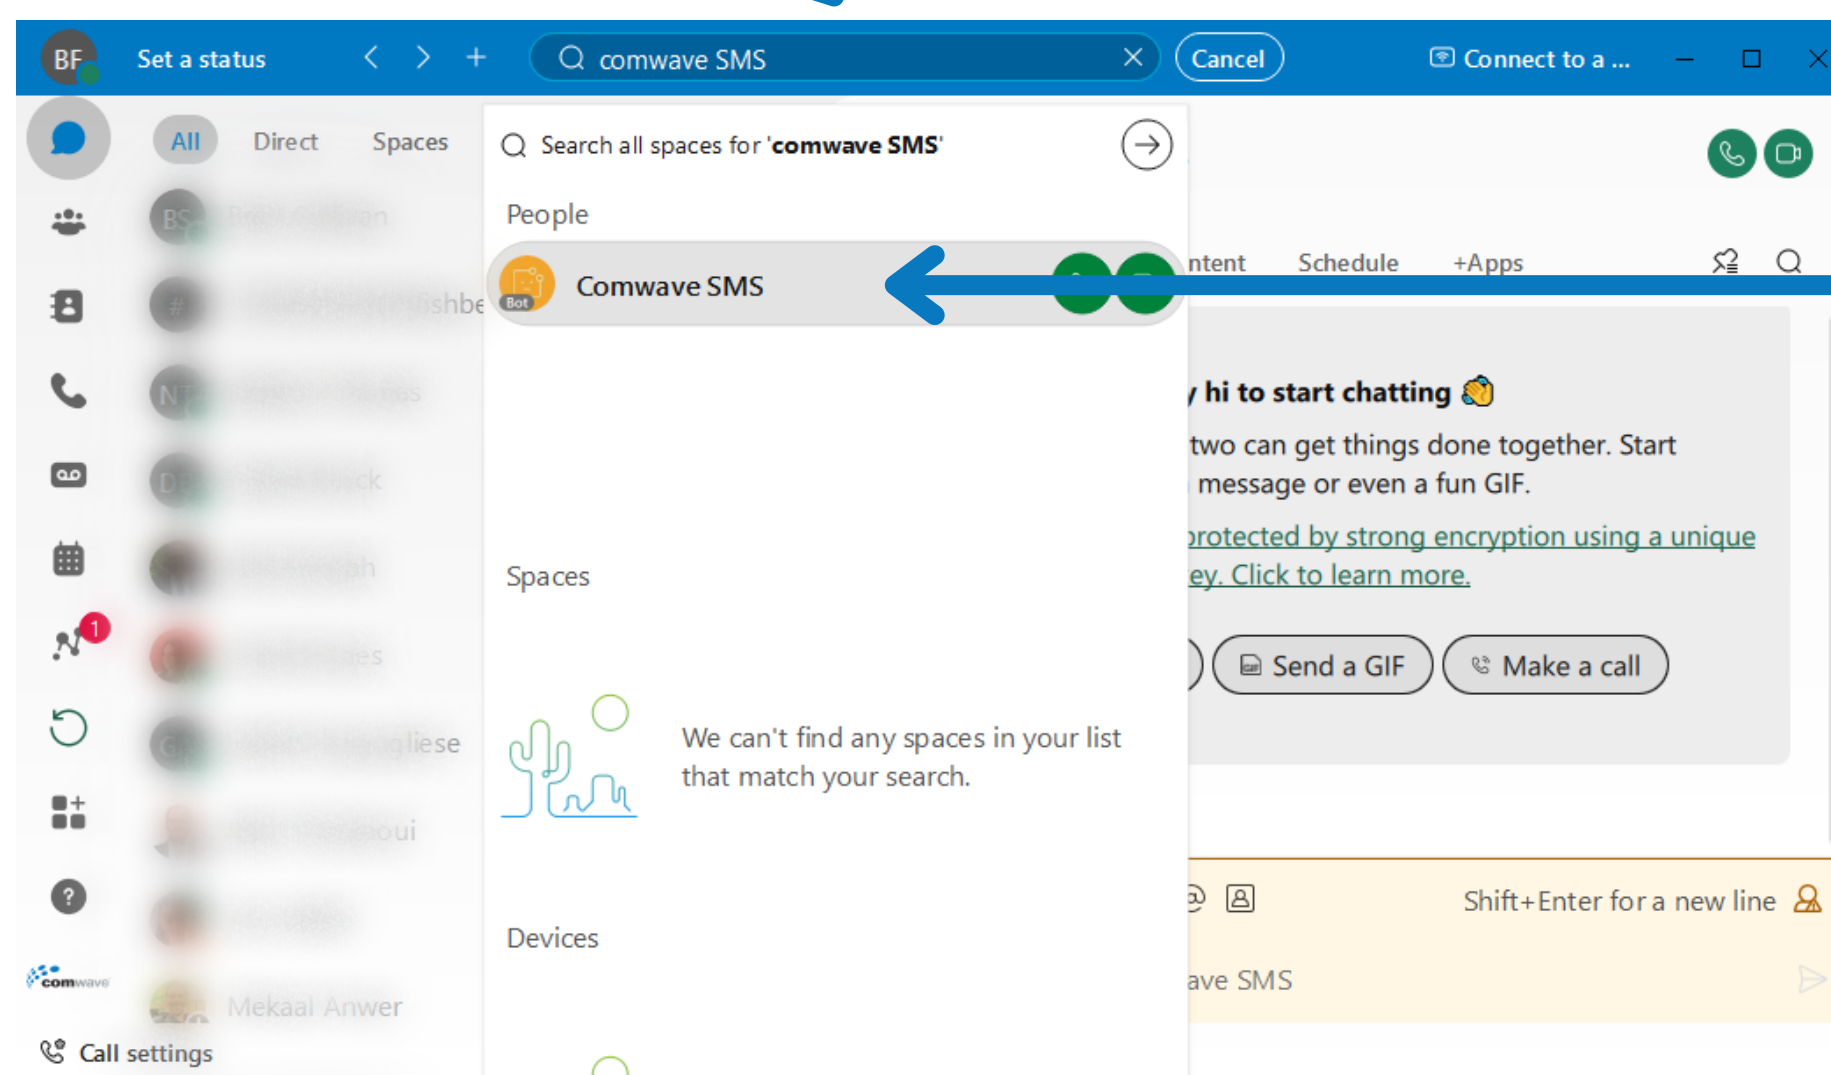

When you click on the notification, the chat window will open up.

Steps to Start a New SMS Conversation

STEP 1

Type *Comwave SMS* in the search box.

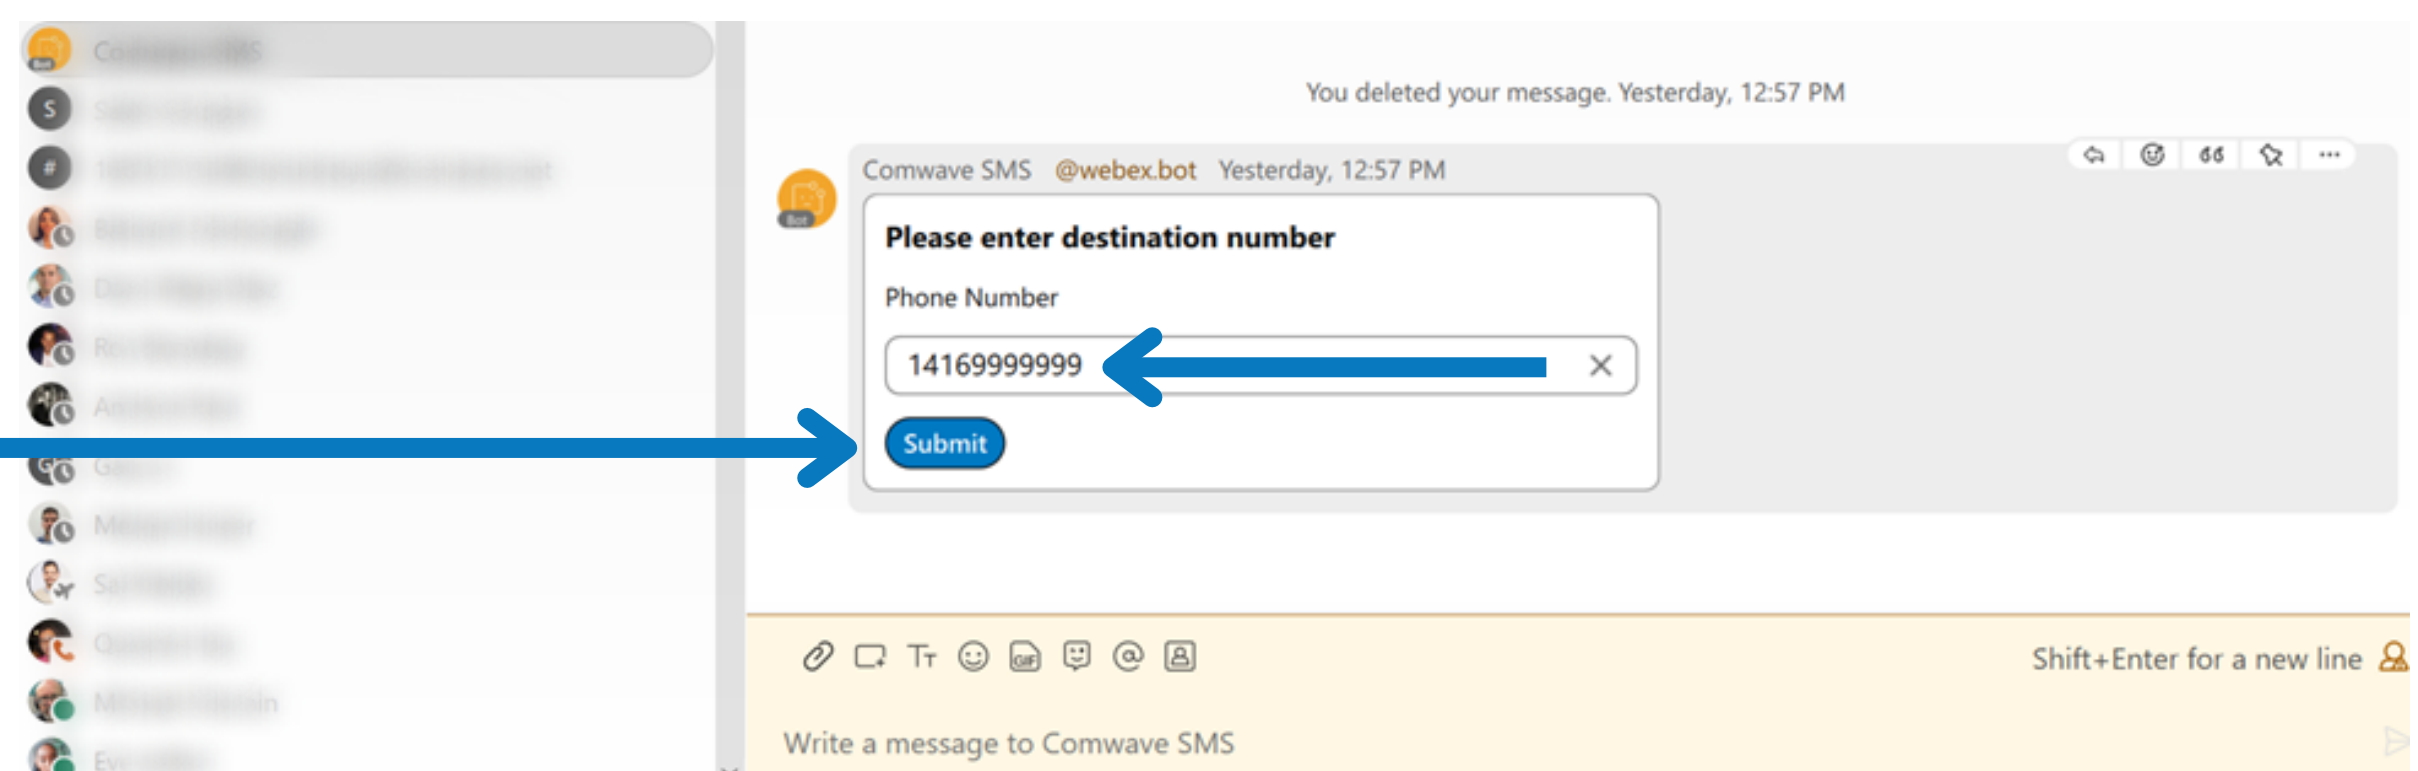

Then click on the Comwave SMS bot.

STEP 2

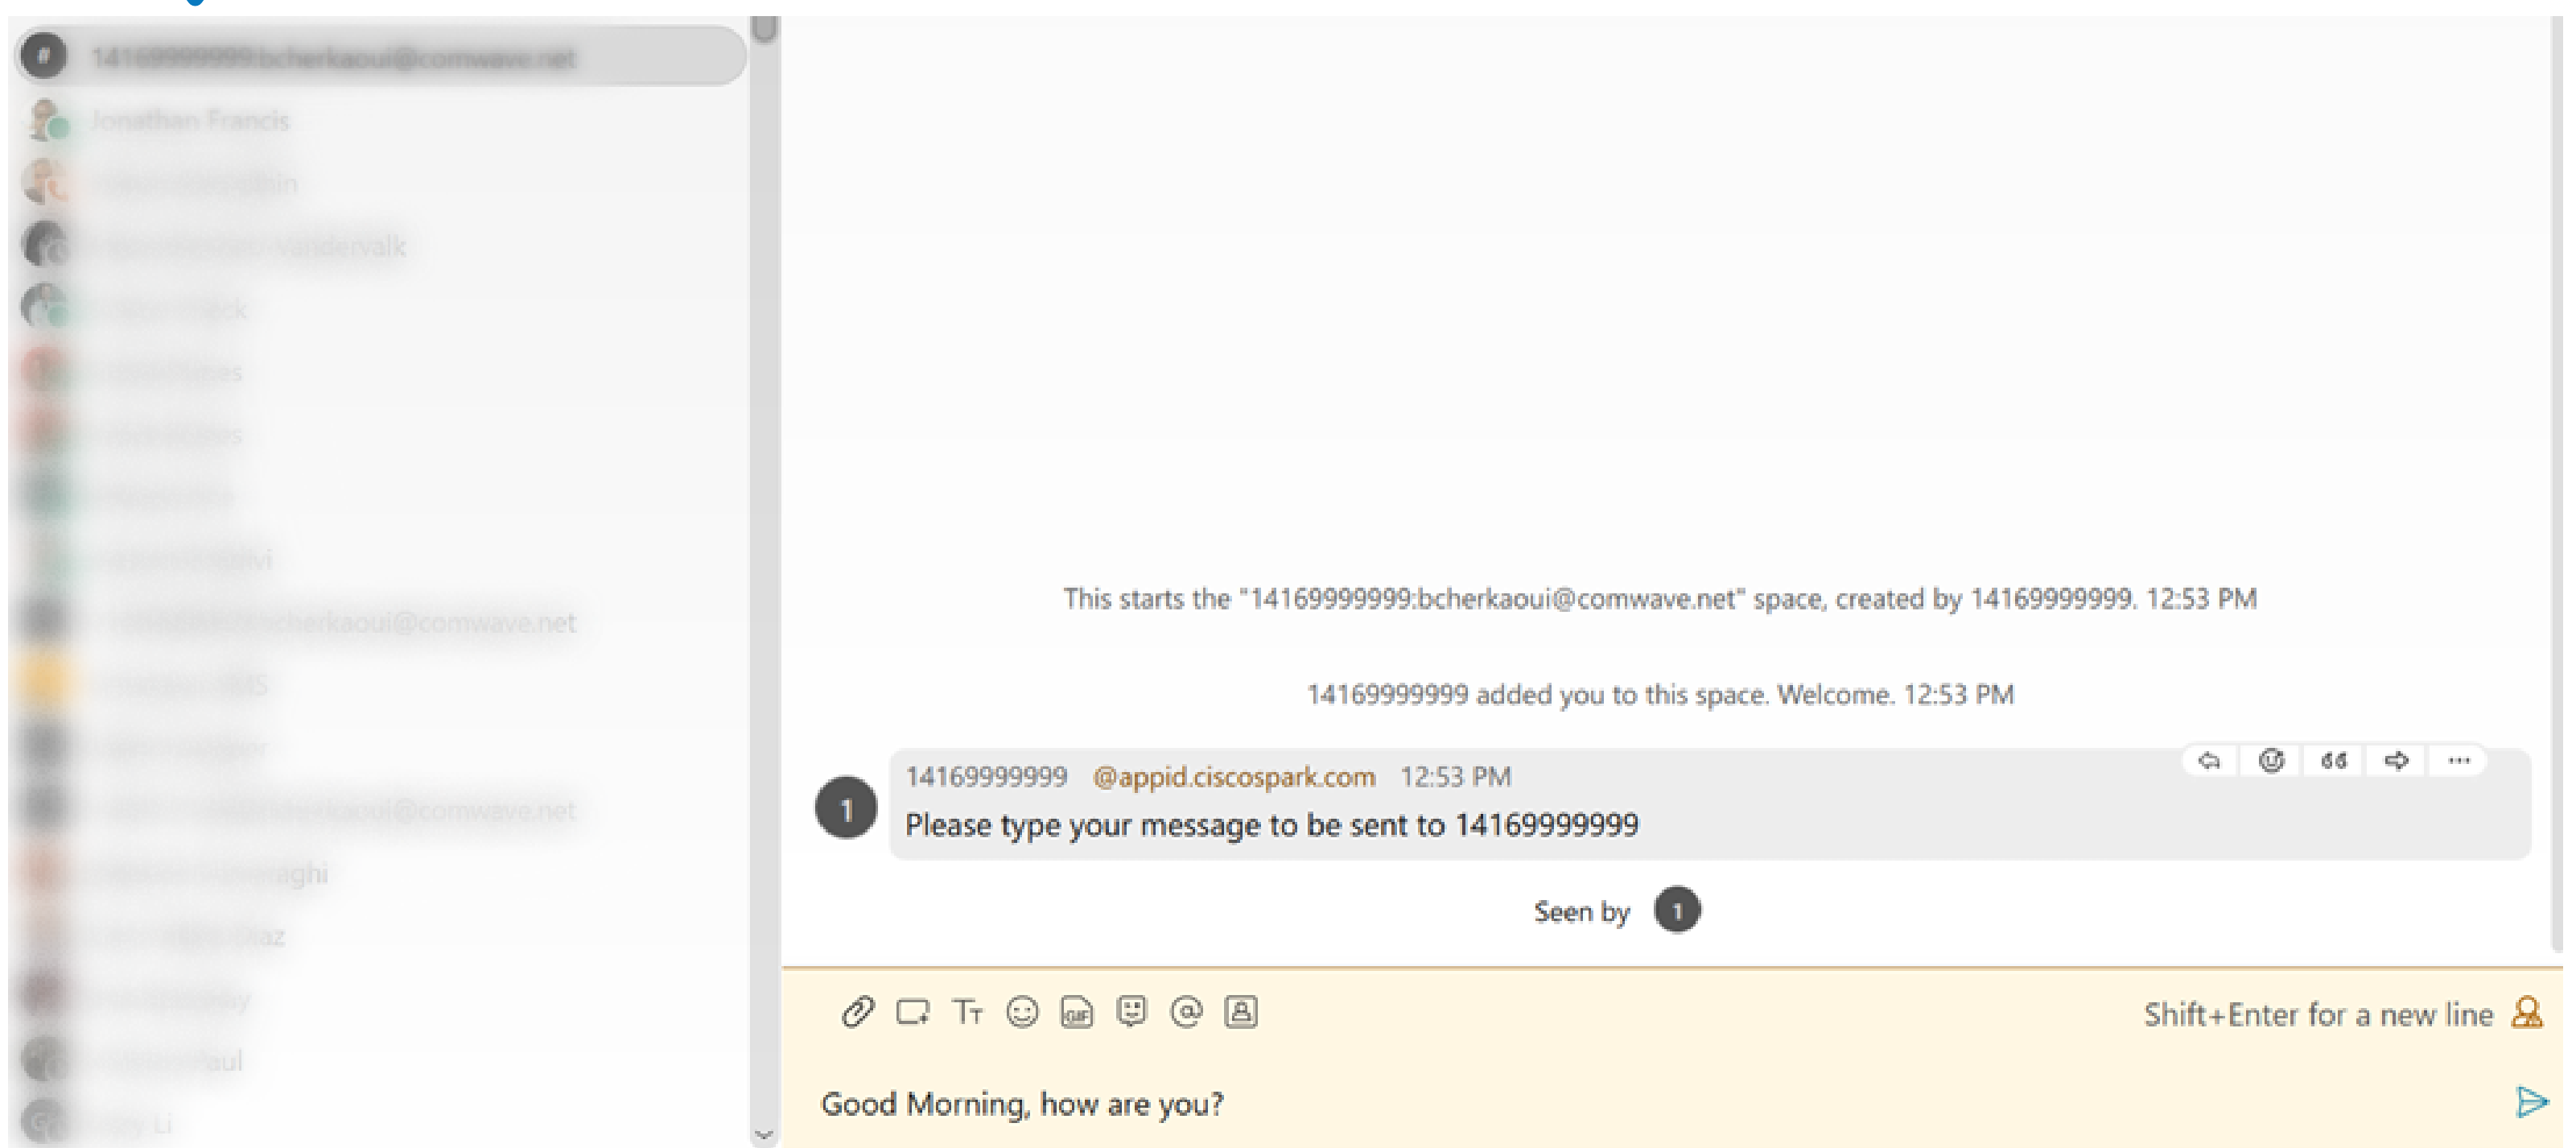

BEGIN USING YOUR SMS BOT

Enter the phone number of the destination you want to send the SMS message to in the presented box, then click Submit.

STEP 3

A new Chat space will be created - click on it.

Then, type your text message and press Enter to send the message.
